The Partnership for a Healthier Carroll County won the Carroll Community Services Council's June 2010 participation prize for actively using the [OurCarroll.com](http://OurCarroll.com) website to promote the organization's community health improvement work in June.

[OurCarroll.com](http://OurCarroll.com) is a social networking site that can be used for personal networking and also as a publicity forum for local nonprofits and service agencies. The Partnership uses the site to help inform the public about health news and statistics and to announce events it organizes for the health and wellness of the Carroll County community.

As a winner of the CSC Our Carroll participation prize, the Partnership received a framed copy of the recently released Westminster Cityscape art poster June 24.
